SENIOR FULL-STACK SOFTWARE DEVELOPER | C#/.NET & SAP BUSINESS ONE SPECIALIST

Senior Full-Stack Software Developer with 18+ years of experience designing, coding, and delivering enterprise applications, APIs, ERP integrations, and SQL-based solutions across the .NET ecosystem. Strong hands-on focus on backend engineering, Blazor-based web UI, database design, performance tuning, and modernization of business-critical systems. Deep expertise in SAP Business One integrations and technical leadership for ERP migration and delivery.

TECHNICAL SKILLS

- **Languages & Frameworks:** C#, .NET Core / .NET 5+, ASP.NET Core, Blazor, LINQ, Entity Framework Core, SignalR
- **Backend & Full-Stack:** REST APIs, asynchronous integrations, event-driven architecture, microservices, Clean Architecture
- **Front-End Web:** Blazor, HTML5, CSS3, JavaScript, TypeScript
- **Cloud-Native & DevOps:** Docker, Redis, Linux, Azure, AWS, GitHub Actions
- **Databases:** PostgreSQL, Microsoft SQL Server (2005-2022), SAP HANA, T-SQL, query and stored procedure optimization
- **ERP & Integration:** SAP Business One (UI API, DI API, Service Layer), enterprise integrations, fiscal and logistics automation
- **Tools & Practices:** Git, Visual Studio, Visual Studio Code, Agile/Scrum, OOP, Design Patterns, Clean Code

PROFESSIONAL EXPERIENCE

Full-Stack C# Developer | SaaS Customer Service Platform | Remote Jan 2026 - Present

- Built real-time features for a multi-tenant SaaS platform with **Blazor** and a **.NET** backend, improving user experience and responsiveness.
- Implemented scalable, low-latency communication with **SignalR** and **Redis**, supporting thousands of concurrent connections.
- Optimized queries and data structures in **PostgreSQL**, improving performance in mission-critical features.

- Worked on Linux infrastructure and **Docker** deployments, ensuring stable and highly available operations.

Senior C#/.NET Developer (SAP B1 Specialist) | Invent Software | Goiânia, GO

Nov 2024 - Oct 2025

- Served as Senior Developer / Level 3 Architect on the TaxPlus fiscal add-on, evolving complex modules according to business rules and regulatory requirements.
- Delivered configurable improvements for different client scenarios, including FCI and SPED Fiscal Block K.
- Optimized **C#/.NET** algorithms and integrations with **SQL Server** and **SAP HANA**, reducing processing time.
- Supported code reviews and technical standardization to improve delivery quality.

Development Manager & Technical Lead | Atacadão Dia a Dia | Goiânia, GO

May 2022 - Sep 2024

- Led the technical strategy for a major **SAP S/4HANA** migration, translating business requirements into scalable solutions.
- Supported the team in defining **.NET**-based integrations between legacy systems and the new ERP.
- Worked closely with leadership to prioritize deliverables and reduce technical risk.

Development Manager | H&CO | Goiânia, GO

Aug 2021 - May 2022

- Led C# teams across multiple simultaneous SAP B1 integration projects.
- Defined best practices for APIs using **SAP DI API** and **Service Layer**, creating cleaner and more sustainable integrations.
- Helped resolve critical incidents and improve the code review workflow.

SAP B1 Development Manager | Run Sistemas | Goiânia, GO

2016 - Aug 2021

- Built and led the development team for custom SAP Business One add-ons.
- Moved solutions from monolithic add-ons to a service-oriented approach, improving stability and upgradeability.
- Followed the SDLC for products focused on finance and logistics automation.

Senior SAP Developer / Tech Lead | Invent Software | Goiânia, GO

2013 - 2016

- Took on technical leadership for custom solutions using **C#**, **.NET**, and **SQL Server**.
- Designed ERP integrations with a focus on performance, reliability, and maintainability.

Systems Analyst & C# .NET Developer | Milênio Distribuidora | Goiânia, GO

Jun 2007 - Jan 2013

- Built a dynamic, permission-based reporting engine integrated with SAP B1.
- Automated electronic fiscal document issuance (CT-e, MDF-e), reducing manual effort.
- Developed high-volume financial automation and bank reconciliation solutions.

EDUCATION

FASAM

3 semesters completed — thesis pending

Universidade Salgado de Oliveira

2003/2 - 2007/1

EARLY CAREER

IT Assistant | Milênio Distribuidora | Goiânia, GO

Jun 2006 - Jun 2007

IT Intern | Goiás Caminhões e Ônibus Ltda | Goiânia, GO

2004 - 2005

- Supported users and assisted with Delphi development and database maintenance.

KEY PROJECTS & ACHIEVEMENTS

- **Dynamic Reporting Engine:** an integrated reporting solution that became the internal standard, with role-based access control.
- **Fiscal Automation:** add-ons for CT-e and MDF-e issuance with legal compliance and less manual work.

- **Financial Automation:** electronic billing validation solutions that reduced reconciliation errors.
